NWI Heating and Air Solutions LLC

A locally owned company who has the solutions for all of your needs.

- Indoor Air Quality (IAQ)
- Preventative Maintenance
- Equipment Service
- New Contructions
- Duct Design
- HVAC Rehabs
- Water Heaters
- FREE ESTIMATES

We Are THE SOLUTION Before The Problem!

Preventative maintenance at its best. We make every effort to prevent future problems, but if a problem arises, we have the solution!

We dig deep to make sure your system is safe and efficient to use.

A clean system will be more efficient and extend the life of your unit, driving down your utility costs, keeping you more comfortable, and a longer life span for your equipment.

In this day and age, we find companies treating our heating and air conditioning needs as a **luxury instead of a necessity**. We at NWI Heating and Air are here to help bring the HVAC industry back to reality and **SAVE YOU MONEY!**

Savings For the Whole Family

- Lower Utility Bills by recucing energy consumption and waste.
- Extended equipment life
- Fewer repairs, breakdowns, and improved system reliability
- Increased Heating and Cooling capacity and efficiency

Maintenance Plans for A/C and Furnace

We know that every home and every system is unique. If required, we can create a custom package that will fit your needs and your home. For a full list of included Benifits and Perks, go to our website :
